

Top Herding Dog Awards (AKC)

The BCCA offers the Top Herding Dog award annually, now divided by Course and Stock per AKC Rules (since 1999), for the dog which has the highest average score from the 3 qualifying scores leading to the title for Started, Intermediate and Advanced; and for the best 3 qualifying scores which carry HC points for Herding Champions. Awards for 1993 are listed in alphabetical order; awards for 1993 through 1998 are listed by level only because AKC had not instituted Course or Stock differentiation. The Master's Level was initiated by AKC in 2012.
