I think it is interesting to note which classes were of the most interest. Barn Hunt, a new offering, was the most popular with 53 people participating. The next most popular class was the Herding Instinct Test with 38 participating with the majority passing. Nosework came in with 31 participants. This was the first year we have been able to offer an intermediate class since we now have many Beardies who are participating in this event at trials. Lure Coursing, another new class, was very popular, but unfortunately due to the very hot weather, we had to cancel this class. The temperature was about 100° that day, and no one wanted their Beardies

chasing a lure in that heat. Campers were allowed to participate in another class if they wanted. However, the high temperature most likely accounted for the high number of Beardies and their owners taking advantage of the pool. This was not a class per se, but a chance for owners to try their dogs in the water. Many of the dogs were quite adept at dock diving and showed off their skills while others just swam and cooled off along with their two-legged owners!

Because of the heat this year and in 2014, we have decided to move Beardedie Camp indoors in 2018. I think we are all tired of worrying about the weather! We will use the smaller hall that is used for grooming at our specialty, and we have a lot of ideas to make it very camp-like.

This year the proceeds from camp - \$5,800.00 will go to the BCCA Charitable Trust. It is the feeling of those who are involved that this is the best place for the money to grow and it can and will be used for both health and rescue. Bob Leverenz has been our treasurer since 2008 and has done a better job of keeping records than I did in the early years. He reports that since 2008 Beardedie Camp has donated \$23,772.43 toward the good of our dogs. In 2000, 2002, 2004, and 2006 we made at least \$3000 each year for a total of approximately \$35,000. It blows my mind!!! In the future we will probably not net that much since we will be paying about \$1500 to rent the indoor area, however, the bulk of our profit comes from our auction, so hopefully we will continue to have enticing items to bid on!
