TECHNICAL TIDBITS FOR A SAFE START TO THE NEW YEAR

Information Backup. Unless you work in the industry, your computer (tablet, laptop, cell phone) and internet technical skills may be limited to just what you have needed, but is that enough?

If answer is yes, you may want to stop readying now.

- If answer is no, consider whether the information on the devices is vital to you. If it is, then consider establishing and implementing a backup plan.
- Example: as I've been writing this short piece, suddenly some gremlin attacked my system and the cursor only appeared on a second monitor not where I am working. I had to turn off the power manually to start cleaning up the mess. This resulted in seven empty files when I got the system up again. Those documents all had content when the system closed; I have no clue what removed the info.

Think about what you would do in this situation.

Options are

- spend time recreating the files
- recover files from cloud storage
- recover files from in house storage device (external hard drive or thumb drive)
- give up and go have a sip

Any backup plan will cost money for equipment or subscription to cloud services; it will also take time to move files to a storage location and to interact with technical support. The internet has ample description of options for backup. Just remember to learn how to use your backup(s) for restoring files, folders, or much of a hard drive.

My backup plan: both in the cloud (mostly carbonite and dropbox for computer; google for android phone and in house (external hard drive with NovaStor software; thumb drives); to my computer for cloud server databases for BeaCon's health registry and BCCA herding – I don't totally trust the commercial server companies' "automatic" back ups)

ACCESSING SITES WITH LOG IN CREDENTIALS

What happens when your credit card is compromised? Your credit card company immediately stops authorizing payments and either calls or texts you (or both). You receive a new credit card and if you're like many others having autopayments online, you spent time changing your credit card info for each payment place (I simplify the task by keeping a list of every site I keep a card on file with.)

What happens when hackers gain access to your login credentials to various online sites? Likely nothing good; people don't hack to give you a present. What are recommended best practices to prevent this from happening? It depends on how many places you log in to, but at least:

- Use a different set of credentials for each log in
- Use complex passwords, the longer the better with a mix of symbols, numbers and upper and lower case letters

The mission of the Bearded Collie Club of America is to protect the long-term welfare of the breed by providing a variety of opportunities for Beardie owners, breeders, and the general public to learn, connect, and compete, while supporting research into breed-specific health issues and rescuing Beardies in need.

- Do not store passwords in browsers. Password software managers are a better option.
- I've used several over the years after abandoning a paper list. The internet offers comparisons among the available products. My current option is Keeper.
- More recently many companies have added 2 factor (or 2 step) authentication where you get a text (more often than an email) to confirm your identity. So unless the hacker also has your cell phone or other device you win.

SMALL ACTS CAN TRANSFORM

Why would I write about technical tidbits in a herding article?

Because many years ago two people did something that probably didn't seem remarkable at the time. One asked me if I was interested in chairing the BCCA Health Committee. Having recently taken medically forced retirement from neonatology where I left a much cherished program of following neurodevelopment of babies cared for in the ICU (and collecting data using an early portable 25 lb KayPro starting in 1984), I had time and said yes. That led to overseeing the BCCA's late 90's health survey, learning more about Addison's disease in the breed and guiding the startup of Addison's research, and eventually to the start of BeaCon and its open health registry. This latter pushed me to learn about methods for collecting, storing, and analyzing data.

The other person asked me about 10 years later if I was interested in co-chairing the BCCA herding committee. By then at least I had begun to understand the jungle of herding title abbreviations and I was enjoying training and trialing at started level. I was also well on the way to understanding relational

VERSATILITY NEWS

Joanne Williamson • balgrae@ixnetcom.com

Several teams qualified for versatility awards with titles earned in November, 2021. Congratulations to all and Happy New Year! Here's hoping we'll have a calmer and more predictable competition year in 2022.

AKC NATIONAL AGILITY CHAMPIONSHIPS

April 1-3, 2022 • World Equestrian Center, Ocala, FL

The qualifiers for the 2022 AKC National Agility Championships have been announced. The qualifying period: ran from December 1, 2020 through and including November 30, 2021. In order to qualify for this event the following must have been earned within the period stated above in either the regular or preferred classes:

- 5 Double Q's; a combination of 3 Premier STD legs and 3 Premier JWW legs may replace up to 3 double Qs. The

databases and data management. So I agreed and spent some years being mentored by the now late cochair, Ann Witte – especially on calculation of the BCCA Yearly Awards with which she was quite patient. That was also a time of continuing growth in technology and ways to electronically manage reams of data. And, did the herding committee ever have a large quantity of data! Handwritten on cards (AKC tests and trials) and on an early software program (BCCA instinct tests – several thousand!). With Ann's and Brian Wistrom's help the card files were moved to the electronic realm and later, with the Herding Instinct Secretary's (Marilynn Snook) help, the instinct test information was joined to the AKC data. That's how the Beardie herding community came to have a permanent electronic file of AKC, AHBA, and ASCA herding event outcomes.

I went into both these tasks a relative novice with little knowledge about databases and no training in computer science. I barely knew what an email or fax machine was! Answering the needs of each program led me to learn by trial and error, to find those who could guide the learning, and to meet so many wonderful and caring Beardie owners and breeders over the years.

The larger Beardie community has benefited because those two people did a seemingly "small act" at the time – they asked someone to take on responsibility for a task in support of the Beardie Collie breed.

As you move into 2022, I wish you continued successes with your Beardie(s) and herding. I also encourage you to become part of a small act (ask or do) that will make a positive difference for others.

FIVE BEARDIES (AND THEIR OWNERS) QUALIFY FOR AGILITY INVITATIONALS

David Williamson • beardieboys@att.net

The 16th AKC Agility Invitational at the Orange County Convention Center in Orlando, Florida, was held on December 18-19, and those who qualified are Debbie Alexander, Jan Leverenz, Cheri Omnus, Larry Dalan, Rich Masley, and their Beardies. What follows are Cheri's and Rich's exciting accounts of the competition:

RICH MASLEY

In preparation for the Invitational, we trialed as much as possible throughout the year. Unfortunately, Szaffi had some health concerns in early October, and we hadn't trialed since then. She was cleared to resume normal activities in mid to late November, and with the help of my trainer, we set up a strength and conditioning regimen. After her final assessment, she was deemed to be at about 95%. Only then did we decide to attend.

The AKC did a commendable job organizing and running the entire event. Judges, staff, and volunteers were wonderful which helped make for a stress-free and enjoyable event. Well done all!

There were no particular standout moments other than the sheer joy of doing what I had prepared for with my girl and teammate. In light of all that had happened, I was extremely grateful for all the help and support we needed to attend.

As far as personal growth, I realized that the trust, dedication and devotion I have in Szaffi is beyond words. Knowing she was not 100%, I went in with no expectations other than to do what we've done all year. Yes, I ran with more care and support than I normally would, but knowing this was likely the last time running her at this event, I made sure to be a good handler/observer and savor every moment. I'm immeasurably grateful for this precious girl.

Reflecting on where we've gone and what we've accomplished, it all boils down to the relationship we've grown and nurtured over the past ten years. The ribbons and the placements are all secondary in my mind; the love, commitment, and connection are priceless.

CHERI OMNUS

The Invitationals were a blast! I rode to Florida with Judy and Bert, the #1 OES, Erin and Rocky Racocon, the #2 All-American, and I had Marlin, the #4 Bearded Collie. We arrived in Orlando

The following Beardies have qualified to compete in the preferred class division:

Aberdeen's Dancing Queen, owned by Patsy Sullivan
Estrella's Only Razzmatazz, owned by Ann Chandoha
Estrella's Orion The Dark Hunter, owned by Jennifer Phillips
Linus, owned by Karen Deitke
Rivercity Sweet Little Maile Girl, owned by Christy Stine
Shadowfax's Lone Star Belle, owned by John Youngblood
Wynsum Rhythm And Brews, owned by Jan Leverenz

Congratulations to all of these teams on their accomplishments over the past year. Best of luck to all who choose to compete in Florida.

on Thursday just after noon, and after getting settled into our hotel, we headed to the Convention Center. I will admit that I was overwhelmed when we entered the Center -- not only the size of it but also how much was going on! Dock diving, grooming, conformation, obedience, rally, all the vendors, crating, and more! I knew this was Big Time! We took some photos and got the lay of the land, and that evening we all went to dinner enjoying a fun evening with lots of laughs!

Friday morning, I left Marlin in the room and took all our stuff over to the Convention Center to setup our crating area -- at least a 15-minute walk. Later, I went back and got Marlin so we could run in T2B which was a good way to warm up and let Marlin get a feel for the surface. We had a clean run! Yippie!

Saturday was the start of the competition with Jumpers first. When I walked the course, I thought it was really tight, but I soon had my plan. I was so thrilled we were clean in our first run! Later came Standard and another clean run, and I found out later that we were in 8th place in the 20" class!

Sunday, we started with the Hybrid class and ended up with a 95. What hung us up was the teeter to a backside jump combination with Marlin taking the wrong side of the jump. My friend Judy kept telling me that if you mess up, fix it so you do the course correctly to get a 95 rather than a 0. It took me a bit to remember, but I corrected it and finished with a lot of time lost.

Then came Jumpers, and I knew we needed to be clean. Marlin started toward the off-course tunnel, and I called him off it. We continued but got a refusal going to another tunnel. I think Marlin just wanted to be sure it was the tunnel, so he stopped in front of it, and we got another refusal and another 95. Still, I was really happy!

I was so proud of Marlin and how he handled the competition. It was very loud in the building with so much going on (plus my nerves), but we had great teamwork, really great runs, and a lot of fun! This is a trip we shared, and I will never forget it. We had the time of our lives, and when we got to our room that night, I told Marlin that I have the best boy and no matter how we did, I will leave with the best boy! I meant every word.

Check this space in next month's issue for more up-front impressions of the AKC Agility Invitationals.

SOUTHERN CALIFORNIA BEARDED COLLIE CLUB SPECIALTIES

Kirsten Andreassend • sebringbeardies@live.com

The Bearded Collie Club of Southern California will hold their specialties on Friday, April 1st and Saturday, April 2nd, 2022. These will be concurrent specialties with the Wines and Vines four day all breed shows held at the Kern County Fairgrounds in Bakersfield CA, March 31st through April 3rd. Yes that is six chances for points in four days!! Our judges for the specialties are Friday morning regular classes with Sally George, Saturday morning Sweeps Angie Motta, following regular classes with Lawrence Terricone.

2022 BCCA NATIONAL UPDATE

We're heading into full swing on planning and fundraising for your 2022 National Specialty in Virginia Beach, VA October 9-16th. Thank you to everyone who supported our first two fundraisers for Herding and the Specialty week. So far we are about halfway to our current fundraising goal. Stay tuned as we roll out more opportunities to help us put on an incredible specialty week. Next up you can expect an Agility fundraiser.

Our schedule remains generally the same as previously mentioned and posted on the website: <https://bccanational.com/schedule/>. One adjustment that we're proud to share is our plan for sweeps day. Our goal is to create a schedule that will

On top of having six conformation events, we will have four days of obedience and rally trials. Dr Brian Marchione will be at our shows on Friday to do OFA eye exams and Breeders Veterinary Services will also be there doing x-rays, thyroid and various other services. The superintendent for the all breed/obedience/rally shows is Jack Bradshaw. The specialties can be entered online at www.dogzibit.com

be easier on exhibitors, and enable broader participation in the health seminar on Thursday afternoon. We will have puppy sweeps in the morning on Thursday, the health seminar with a reproductive/breeder focus in the earlier afternoon, and a late afternoon/evening start for a Veteran Showcase.

There are still a few rooms available for booking—check out our website for the link so you can get a room before they're gone. There are always ways to help specialties run smoothly and we can't do it without volunteer support. If you're interested in ways to volunteer ahead of or during the specialty week please reach out to Casey and Laura at bccanationalchairs@gmail.com.

AKC FastCAT[®] 2021 INVITATIONAL

Why walk when you can run!

That's the credo **Yogi**, Douglasdale Luv On Da Rox, CA, BCAT, SCN, SIN, SBN, lives by. Our Scot boy has been running all of his five years but he's only been doing FastCAT since 2019. He's a versatile beardie who does Scent Work and Agility but adores running in FastCAT.

FastCAT, AKC's newest and fastest growing sport, is a 100 yard dash, timed and computed into MPH (miles per hour). Based on Yogi's times as #1 fastest FastCAT Bearded Collie for 2019 and 2020, he was invited to run at the FastCAT Invitational Races in Orlando, Florida this past December. We flew from Seattle to Florida to participate in this prestigious event. The top three dogs in each recognized breed were invited. Out of thousands of dogs who run each year, only 250 participated and ran in two preliminary runs throughout the three days. A final run included the top two runners of each breed.

Yogi ran beautiful races, albeit slower than usual, due to airline problems, time changes, heat and humidity. He still finished each course in eight seconds with hair flying, and 6% faster than the average beardie time for the year. Blink and you missed this brown dynamo! Happily, he earned Best of Breed. It was thrilling and many people commented on his beauty and our breed. Competitors were friendly, welcoming, and knowledgeable. Many FastCAT every weekend where weather permits. We are restricted to 4-8 runs a year in Oregon.

FastCAT requires little training but an instinct for chasing the lure, a white plastic bag. Beardies are built for this sport and are impressive to watch. They've gained a following and we're hoping more will join in this dynamic and thrilling sport. Come and join the fun! Some day, you, too, may be invited to race with the best!

- Joanne and Marty Johnson
