9.2 Agility Awards	
9.2.1	<p>The Diehard Agility Award is given to the highest scoring bearded collie in Excellent/Master level agility. The original trophy featured a color drawing of bearded collies doing agility and was imbedded in acrylic and mounted on a walnut base. Plaques attached to the base allowed the names of the winners to be permanently engraved. Designed by Chet Jezierski, it was financed by donations from the Beardie Agility Diehard Community. The future winners will receive a keepsake for permanent possession. Legs earned in Excellent and Master Standard, and Excellent and Master Jumpers With Weaves (JWW) will be counted. To be eligible for this award, a bearded collie must earn at least three qualifying scores of 100 in Excellent and/or Master Standard and JWW.</p> <p>Each clean run will be awarded 1 point for every full second under Standard Course Time (SCT). In addition, each Double Q (QQ) (qualifying in both Standard and JWW on the same day) will be awarded an additional 10 points. Points will be totaled for each individual qualifying leg and QQ, and then added together to determine the dog's total score.</p> <p>If a tie in points occurs, the bearded collie with the highest average yards per second (YPS calculated to 0.01 seconds) in Standard and JWW will be considered the winner.</p> <p>For Standard: YPS [course length in yards/(dog's time on course – 5)] For JWW: YPS [Course length in yards/dog's time on course]</p> <p>YPS will be calculated for each individual qualifying leg and the average value determined for Standard and JWW. These two averages will then be added and the dog having the highest YPS will be declared the winner. If, after carrying out this procedure, the dogs remained tied, both will be listed as the winners for that year. 04/01-01, 09/01-02, 02/11-02, 220920</p>

9.2.2	<p>The Denia Award is given to the bearded collie achieving the highest point total in the standard agility classes through the MX. This award was donated by Glenn Hamilton and Emily Venator. The original engraved glass trophy featured a bearded collie jumping through a tire and included the inscription "The Bearded Collie Club of America's Annual Award Rewarding Performance for AKC Agility in Honor of Can Am CH Melville's Poetry in Motion NA HIC ADC NAC FM, The First Bearded Collie to Obtain an AKC Agility Title." Only legs leading to titles will be counted. The winner will receive a keepsake for permanent possession.</p> <p>Points will be awarded based on the score according to the following sliding scale.</p> <p style="margin-left: 40px;">100 = 8 99 = 7 98 = 6 95 - 97 = 5 93 - 94 = 4 90 - 92 = 3 88 - 89 = 2 85 - 87 = 1</p> <p>If a tie occurs in point total, the tie breaking mechanism will be to calculate the average yps (yps = course yardage/(dog's time - 5)) for each dog's individual legs and calculate the average of these to 0.01seconds. The winner will be the dog with the higher yps average. If the dogs remained tied after this procedure, both will be listed as winners of the award for that year. 05/11, 08/95-19, 220920</p>
9.2.3	<p>The Overall Jumpers With Weaves Award in memory of Mirage is given to the bearded collie with the most outstanding performance in JWW. The original trophy featured a metal statue of Mirage performing the weave poles on a walnut base, and was financed by Beth White and designed by John Stanbridge. Each year's winner will receive a statue donated by Beth White.</p> <p>To be eligible for this award, a bearded collie must earn at least 6 qualifying scores of 100 at any level of JWW (Novice, Open, or Excellent.) In Novice, Open, and Excellent; only clean runs leading to titles will be counted. In Master, all legs will be counted. The following scoring system is to be followed. A bearded collie will receive 5 points for each clean run and 1 point for each full second under Standard Course Time (SCT). If a tie in points occurs, the tie will be broken by calculating YPS for each of the tied dogs' individual legs and the results averaged. The winner is the bearded collie with the highest YPS. If, after this procedure is carried out, the average YPS for each of the tied dogs is the same, all will be declared winners of that year's award. 04/01-02, 09/01-02, 02/11-02, 220920</p>

The award is given to the top veteran dog, seven years of age or older, during the entire competition year, for performance in both Standard Agility and Jumpers with Weaves. Only legs toward titles will be considered. The original trophy was a rectangular plaque with a large metal plate inscribed with the words "Bearded Collie Club of America" "Preferred Agility Veteran of the Year" topped by a stop-action image of Cagney exiting the weave poles.</p> <p>The scoring will be based on the following sliding scale.</p> <p>Qualifying ScorePoint Value</p> <p style="margin-left: 40px;">100 = 8 99 = 7 98 = 6 95 - 97 = 5 93 - 94 = 4 90 - 92 = 3 88 - 89 = 2 85 - 87 = 1</p> <p>If a tie in points occurs, the bearded collie with the highest average YPS (calculated to 0.01 seconds) for all Standard + JWW legs earned will be the winner. For Standard legs, YPS = STD course length/(time on course - 5). For JWW legs, YPS = STD course length/time on course. 05/06-01, 220920</p>

9.2.5	<p>The Ryan Awards are given to the top bearded collies in each level of JWW. For bearded collies competing in Master, all legs earned during the current year will be scored and there is no requirement for a title to be earned in order to be eligible for the Master JWW award.</p> <p><u>Scoring</u> <u>Novice A – Excellent</u> The scores of the three legs leading to the title will be summed and the bearded collie with the highest total score will be the winner. If a tie in score occurs, YPS will be calculated (to 0.01 seconds) for each of the three title legs and the results averaged. The winner will be the bearded collie with the highest average YPS. If a tie remains after this calculation, all those tied will be declared the winners of the award for that year.</p> <p><u>Master</u> A bearded collie will earn five points for each leg earned during the calendar year and one point for each full second under SCT.
