

# BCCA Health Committee Report

## End of year 2022

1

Health

2

Debby Furlow

3

Kirsten Andressand, Nicole Conner, Linda Aronson

4

Continue partnership with Embark  
Partner with the BCCA Charitable Trust

5

We were able to offer discount codes for Embark kits throughout the year.  
We were fortunate to have members of the Trust support our amazing veterans at the 2023 National Specialty and to present to the attendees their financial support to research bearded collie health and in particular hemangiosarcoma.

6

We are excited to announce we have surpassed 400 participating dogs in the Embark database. We are one of the few clubs with a Matchmaker tool allowing breeders to look at potential breedings.

7

At the 2023 National Specialty a representative from the Morris Health Foundation will share their mission and follow up with a podcast sharing health related research currently taking place.
