

BCCA Committee Report - End-of-Year 2026

1. Name of Committee Website (Publications)

2. Name of Committee Chair/Co-Chairs Karen Norteman

3. List of Committee Members Karen Norteman

4. Committee Goals for the past year

Website:

Keep the website up to date and keep it running.

Clear out some of the old and out-of-date information or update it.

5. Activities and Major Accomplishments

Created and maintained BCCA2026.com. I still do not plan to do any more Specialty websites after the 2026 Specialty.

Worked with Don on the 2026-7 membership renewal. Generated weekly accounting reports throughout July and August so he could track renewals.

Created and maintained the forms for judge nominations for the 2027 National Specialty. Tabulated the statistics and announced the winners.

6. Statistical Information (if applicable)

444,258 distinct site visits over the past 12 months.

Most popular pages: Breeders/Litter Listings, Welcome (home page), National Specialty, Past Specialty Winners, Rescue, About Beardies, Rescue Coordinators, Teaching Your Bearded Manners, Colors & Coats, and Club.

Countries/regions with the most site visits: USA, China, UK, Canada, Japan, Estonia, Puerto Rico, Brazil, Germany, Australia.

7. Additional Information/Comments/Special Highlights (please attach)

The available space for the website on our BlueHost.com account is becoming low; we have about 13% of our allotted space left. We can buy more capacity, but we can also just clean out the old and unused content from the site. We can also save a great deal of space by moving archival Specialty videos to the club's YouTube account.

I am also considering changing the site theme again, this time to something a little more colorful and interactive.
