HERDING

Elsa Sell • beaconbb@bellsouth.net

The last quarter AKC herding stats report will be out mid-January and then the 2018 BCCA Herding Awards can be calculated. Have you confirmed your Beardie's information in the AKC system so error discoveries don't happen mid-January? The committee data group has already started tabulating for the herding champion top herding dog award because there are at least six new HC's in 2018. That incredible number compares with only 19 HC's between 1998 and 2017 (15 of those were DC's).

Among errors in AKC records this year was assignment of an incorrect number of championship points. One dog had been given 2 points rather than the 3 earned. Had the credit been correct the HC would have been earned a couple months earlier. In the end it worked out OK because the dog continued to trial very successfully. Still it might have made the difference between a HC or no HC. Another dog got no credit for earned championship points. So carefully follow your dog's points progress.

If you don't have an electronic record keeping system, see this link for a sample spreadsheet (source: Joanne Williamson). Just enter each qualifying run's details and you have what is needed for a master's certificate application, title completion, or the herding championship.

BCCA HIC and AKC titles earned in 2018 through October are listed below.

NEW AHBA TITLES

Pentangle's All That Jazz, HTAD 1-s, 10/4/218, Wanda Packard

THANKS

Over the Thanksgiving holiday while doing farm chores I reflected on reasons to give thanks; awareness of how much volunteer effort does in to bringing opportunities to participate in dog activities (shows, trials for companion and performance events, and training); our Beardies and PWDs who introduced us to new friends, training experiences, trailer/motor home, days long travels to and from events and training, Beardies who have been very patient as they "taught" me more about herding while I "trained" them; property purchase; worldwide connectivity via

the internet, the beauty of nature, ways to stay warm and dry in nasty weather (Muck Boots, waterproof warm coats, rain pants, and SealSkinz gloves – the first I've ever owned in all these years that keep my hands relatively warm and absolutely dry in pouring down rain at 34 degrees!), and a patient husband who joined the dog world by association and drove many a mile.

Finally, a heartfelt thanks to you who herd with Beardies; herding is not an easy dog activity because training and trialing is rarely close by and so often it is the handler who needs

training more than the dog. I am always so delighted when our local herding club's judge comments on talented Beardies they have seen recently. They remember the dog's work as if it were

yesterday and often know the handler's name. And they are duly impressed when I tell them we just had six new HC's in 2018.

AGILITY NEWS • AGILITY GRAND CHAMPION

Cheri Omnus, Libby Myers Buhite, Joanne Williamson

On October 12, Larry Dalan and Bing, Wigglesworth Pride And Prejudice. earned their 75th Master FAST qualification and with that Bing became the first Beardedie to complete an AKC Agility Grand Championship. This prestigious lifetime achievement title requires 100 Qs each in Master Standard and JWW, 75 Qs each

in Master FAST and Time2Beat and 50 Qs each in both Premier Standard and Premier JWW. To add icing to the cake, Bing and Larry also earned their MACH6 the next day. Congratulations to a great team!

BEACON NEWS

Elsa Sell

"Lighting the Way", BeaCon's newsletter will be out soon via MailChimp. Some BCCA members will be receiving it for the first time and others will be getting it again now that contact info is updated. You can read about BeaCon's missions, research, open health registry, results of SLO clinical survey, chronic kidney disease, vaccines, a new tick species, and more.

Research. Dr. Oberbauer's whole genome research on previously identified chromosome areas of interest in SLO or Addison's disease will begin after more blood samples are submitted. If you live in North America, consider filling the sample gap. Dogs with Addison's or SLO should be free of other diseases to avoid confusing results; e.g., AIHA, ITP, atopy, chronic infections, IBD, pemphigus, IBD, hypothyroid. Questionnaire and blood sample collection instructions for each group are found at these links. Dr. Oberbauer's lab provides for shipping cost of samples.

VERSATILITY NEWS

Joanne Williamson

The 2018 Versatility award certificates have been mailed and none of them were returned to me as undeliverable. If you haven't received yours, please let me know so I can send you a replacement.

In the report on the Chip Versatility Award competition that was published in the November Bagpipes, there were two errors. First, Lynn Corn's Runningmtn Hairloom Rise Up Shepherd competed in all of the venues and Rally was left out of the list in the November report. Her point count of 17 was correctly published. Second, Shannon Smart's Highlander Lit A Fire At Cadence also competed in the required three venues (agility, rally, conformation) for a point total of four points. There were therefore seven total qualified for the award at Nationals. Sorry for these errors! They have been corrected in the report that will appear in the fall Bulletin.

COLLIE EYE ANOMALY (CEA) TESTING FOLLOWUP

The most recent CEA test status provided by the PawPrints lab is 201 Bearded Collies: Updated numbers as of 11/19/18

176 AA: Clear
25 AB: Carriers
0 BB: At-risk

Thus, the carrier rate in that sample is 12.4%. The OFA database has 44 CEA clear and no carrier or at risk Beardies. Owners must submit the test results to OFA with a fee, so perhaps the extra effort and cost has prevented submission of CEA carriers to the OFA database. PawPrints offers guidance for anyone with questions about their dog's test results.

The October New Titles Report confirms that six additional Beardies have qualified for 2019 Versatility awards.

UKI US OPEN RECAP

Heather Gahres

This year we decided to join John Youngblood and Razzles and come to Jacksonville, FL to compete at the US Open and it certainly didn't disappoint.

The atmosphere was fun and relaxed for a big national event. Each morning started at 6:45 AM, picking up course maps and then onto any special briefings and then course walking. We would walk all four courses that we would be running that day between seven to nine a.m., then run them throughout our group rotations which usually ended around four p.m. The courses were big and fast with plenty of technical challenges that all made for a great time for the dogs! I really think the beardies found an even faster speed as the weekend went along

One thing that makes the US Open special is you do not need any qualifiers to attend (although having byes does work to your advantage). Bounce came in with 0 qualifiers and still got to run on 9 courses over the weekend and have a great time! Kit came in with a Masters Series Bye (which meant she got to run in the Master Series Finals which are more technically challenging

then the regular courses). Most of the US Open events are scored time plus faults which means competitors really need to push for the fastest lines to move forward in the competition.

The other thing I loved about the US Open is the organization. Each ring had a ring manager who insured the correct dog was on the line and the scribe had the right sheet. They made sure the rings started and ended on time along with making sure walk-throughs were all done the same. It made for a stress free environment. We had twenty minutes to walk each course and had ten minutes to move between rings.

Kit far exceeded Jeremy's expectations since she was in the same class as the people trying out for the World Team; she got to run in Speedstakes Finals and finished in 15th place. Kit was also one of only three dogs to run clean on both Master Series courses and finished in twenty-first place. We are super proud of her doing so well as she is eight.

Bounce and I met our goals of me not getting lost on any of the courses over the weekend and him having a blast his first time competing at an event this large. He even maintained his criteria on all of his contacts. Next year buddy those start line stays will be in full effect

LISA DEPIES' BEARDIE HAIR CLIPS SALES BENEFIT BCCA RESCUE

They say a picture is worth a thousand words, and this photo of Lisa working with the Beardie Auer Hair Clips shows in detail how much work is involved in procuring, organizing, marketing, filling orders, keeping track of inventory and sales, etc. that Lisa does just to be able to donate the proceeds of the net sales to BCCA Rescue.

This is a true labor of love and we applaud her for her efforts on Rescue's behalf! She wants no accolades but does want everyone to know how much she appreciates and is touched by those who have purchased clips.

In 2018 she has made two orders for Auer Clips from Germany to keep up with demand. In her spare time, she combs stores for embellishments she can add to some of the clips for "bling!"

To date she has donated \$3167.00 to BCCA Rescue Funds. Currently her inventory is low because so many were purchased at the National Specialty, but there is information on purchasing them at this link. <https://beardedcolliclub.us/rescue/>

The mission of the Bearded Collie Club of America is to protect the long-term welfare of the breed by providing a variety of opportunities for Beardie owners, breeders, and the general public to learn, connect, and compete, while supporting research into breed-specific health issues and rescuing Beardies in need.

BREED EDUCATION SURVEY

The BCCA Breed Education Committee (formerly the Judges Education Committee) would appreciate a few minutes of your time to take a brief survey to help the committee determine the needs of BCCA members. The link to the survey is <https://goo.gl/forms/rSvoo8T93hk1Pa4f2>

If you would rather have a hard copy of the survey mailed to you, please contact the committee chair, Cathy Goetz Perry, at cperry@bccca.us
